

### Science

In our Science unit we will begin to look at light. We will be looking at how light reflects onto surfaces and how shadows form. We will be asking questions about how shadows form at different angles.

### English

In our English units we will be exploring instructions and playscripts. We will be writing a playscript based on the book Ugg, which will be very exciting as it relates to our topic!

### RE

In RE this term we will be looking at the salvation and why Christians celebrate Easter.

### Trips/Visits:

Stone Age Day– 21/05/2019

Creswell Crags trip–  
13/06/2019

### Maths

In Maths we will be exploring fractions, time and properties of shape. We will continue to cover the four operations alongside these units. Don't forget to keep practicing those timetables at home!!

## Year 3 Curriculum Summer 1 2019

### PE

We are going to be developing our skills in rounders in our outdoor PE. We will be focusing on our bat and ball skills. In our indoor PE we will be focusing on gymnastics and working on rolls and holding balances.

### Music & Computing.

In Music this term we will be learning the song 'Three Little Birds' by Bob Marley. We will be exploring the pitch and dynamics of the song.

In Computing this term, we will be creating our very own short film in iMovie, which will be very exciting!

*We are a team that achieve  
amazing things every day!*

### Theme

This term in Theme our focus is on History as we study the Stone age. We will be looking at how they live and how they survived. We are looking forward to seeing some amazing projects after half term!

**EXCELLENCE - EXPLORATION - ENCOURAGEMENT**
