

St Faith and St Martin CE Junior School

We are a team that achieve amazing things every day!

Theme:

This year, our Lincolnshire Show Schools' Challenge project is based on designing a healthy School lunch. We will be researching all about the food standards that should be followed across the school day, and will work to develop a range of healthy meals or snacks that could be used within a school. Extra credit will be given for projects that include foods that boost your brain power, and so we will also be finding out more about these!

As well as this, we will be exploring locally grown food products and thinking about how these might be incorporated into our healthy meal.

Religious Education:

We will continue to explore and compare the birth, marriage and burial ceremonies which mark life journeys in different religions including Christianity, Hinduism, Islam and Judaism.

Trips:

As a celebration of our work on our Lincolnshire Show Schools' Challenge, we will be visiting the Lincolnshire Show on 20th June. Whilst at the show, we will all have the chance to share our learning as well as explore the many different stalls and activities that are on site.

Close to the end of term (date to be confirmed), there will also be time for even more celebration when we head to Activities Away for our end of Year 6 day out.

Maths:

This term, we will be working on consolidating our maths knowledge as well as applying all of our learning from the year to different problems. This will help to improve our reasoning skills and provide practice to solve problems where more than one mathematical concept is at play.

Year 6

Summer Term 2

Y6 Production:

This year's production is 'Alice in Wonderland'. In preparation for this, we will be busy working on our acting skills, singing voices and also our design skills as we work as a team to create a show-stopping performance for you all!

Writing:

We will be working hard to continue to produce extended pieces of writing, producing a T-Rex inspired newspaper report along with another piece of writing centred around our Lincolnshire Show School's Challenge.

French: French landmarks and French food

Computing: Creating an advert

Science: Animals including Humans

PSHE: Changing Relationships

P.E: Athletics and Rounders

EXCELLENCE - EXPLORATION - ENCOURAGEMENT
