

## French

In French, we will be focusing on our counting skills. This will include numbers to 70. We will be counting in multiples and will be using numbers in different contexts such as shopping.

## CURRICULUM OFFER YEAR 5 AUTUMN 1 2019

## Trips and Visits

This term we have an excellent trip to Dovedale in the Peak District. This is one of our most exciting visits of the year and the children love spending time exploring the mountain features we have learned about in class.

## Science

During this term we will study The Earth, Sun and Moon. We will find out about night and day, learn what is in our solar system and be able to describe the movement of the earth relative to the sun and moon. This will help us to understand seasons as well as days, months and years.

## English

In English we will be focusing on narrative poetry, starting the year with The Highwayman by Alfred Noyes. As we develop our study of mountains in Geography, our narrative writing and non chronological report will be based around The Snow Leopard.

Our Guided Reading text this term is The King in the Car Park, a study of Richard III.

## Maths

This term we will start by focusing on Numbers to 100,000. We will start by understanding place value in numbers and knowing the value of all digits within a number.s. We move onto to developing our skills in ordering and rounding numbers to the nearest 10, 100, 1000 and 10,000. Finally we move on to reading and writing Roman numerals to 10,000.

## PE

This term we will be working on developing our dance skills, exploring sequences of movements that allow us to respond to the rhythm of a piece of music. In games we will pursue net and wall games including volleyball and tennis.

## Geography

We will be learning about Mountain environments. This includes a study of mountain ranges around the world including the Himalayas. We will find out about the features of mountains. Google Earth provides us with a real time view of Everest.

We will continue to practice multiplication using TTRocks.

## RE

Our study this term will be around the Hindu Faith. We will find out how different beliefs influence daily life.

## Art

We will be developing our drawing skills using pencil and charcoal to draw accurately.

## Design technology

Our designs this year will be of moving toys. We will explore different types of CAMS in order to make our own toys from our own designs, then evaluate these.
