

FRENCH

En Francais, we will be focusing on the vocabulary for parts of the body, clothes, and most exciting of all...pancake day!

SCIENCE

This term we will be investigating energy, with a particular focus on creating electrical circuits. Children will be developing their scientific terminology, thinking and investigating skills through a variety of fun activities.

PSHE

In PSHE, we will be exploring the ways people communicate with each other, and learning to empathise with different viewpoints. This will be done throughout a variety of approaches, including circle time.

*We are a team that achieve
amazing things every day!*

YEAR 4 SPRING 1 2020

ENGLISH

In English, we will be basing our reading and writing on our Ancient Greece theme, this will involve studying Greek myths, and writing and performing our own play scripts! We will also write our own stories set in historical settings.

HUMANITIES

Our focus this term takes us on a journey back to Ancient Greece, where we will be experiencing Ancient Greek food ('I'm A Celebrity' style!) not to mention our incredible performance of 'Greece goes to pieces', our musical extravaganza!

TRIPS and EVENTS

There will be two performances of the Y4 production of 'Greece Goes to Pieces' on Tuesday 11th February 2020 at 9.30am and 2pm

Visit to Lincoln Mosque.

RELIGIOUS EDUCATION

This term we are exploring how Hindus and Muslims express their beliefs and build a sense of community through their worship and celebration. As part of this unit we will be visiting Lincoln Mosque.

MATHEMATICS

This term we will be studying measures, including area, and fractions and decimals!

DESIGN AND TECHNOLOGY

DT links in with our history topic and will involve designing, creating and testing a healthy Greek salad, using a variety of preparation skills, such as chopping and grating. And of course, don't forget the all-important taste test!

EXCELLENCE - EXPLORATION - ENCOURAGEMENT
